Dear Property Owner:

RE: Annual Backflow Preventer Compliance

Property:

Our office records indicate that the above referenced property has a Testable Backflow Prevention device. As per UCC 5:23-2.23(1)4, these devices are required to be certified annually.

At this time, please arrange to have your backflow preventer(s) retested by an individual certified under ASSE-5000. Once the testing is completed, please submit the test results along with your payment to the Construction Office. After the results have been processed by the Technical Assistant, a receipt will be emailed to you showing compliance for one year.

Please note that if the backflow preventer(s) does not pass the test and the unit must be replaced, a separate Plumbing Permit will be required.

Sincerely,

Frank Lukacs
