Officer Wilde Retires After 25 Years of Service

Officer Russell Wilde, a Police Officer with the Hillsborough Township Police Department recently retired after twenty five years of dedicated service.

Officer Wilde began his career on March 15, 1993 in the Patrol Division as a Dispatcher for the Hillsborough Township Police Department and further served in the Patrol Division from December 21, 1994 through October 31, 2008. In November of 2008 Officer Wilde was assigned to the Investigative Division, School Resource Officer, a position he served through his retirement.

Officer Wilde has served the Township of Hillsborough and the residents of the community with passion and selflessness throughout his career and has received many letters of appreciation and commendations from the Department recognizing him for his excellent work and dedication to serving the community.

Changing of
Business Owners

As a reminder, if a business changes ownership but the business itself stays the same, a CCO application is not required. However, a new Occupancy Placard must be issued for a fee of \$30 to reflect the new ownership/business name from the Building Department. Zoning approval is also required.

Engineering

Falcon Road Update

The Engineering Department would like to inform the public about the condition of Falcon Road. The eastbound lane of Falcon Road is deteriorated and our Department of Public Works has been patching the roadway almost daily, but with 260 miles of roads within the Township this is a monumental task.

The developers of the Gateway Development are responsible to rebuild this roadway which will include widening, drainage improvements, curbing and sidewalk on one side.

The hold-up is that there are two (2) property owners along Falcon Road still negotiating with the developer on the cost of the additional land acquisition for the road widening and the road continues to deteriorate. Since this land acquisition does take time and sometimes court action is necessary, it appears we are still months to a year away.

The Township Administration and Staff have recently met with the developer and the developer has committed to do temporary paving repairs on the eastbound lane within the next few weeks, weather permitting. This temporary paving will be more than just patching as our Department of Public Works is doing constantly, so the driving surface should be better until the road is fully rebuilt.

Please understand what is involved and on behalf of the Township Committee, we are working on the condition of Falcon Road.

Health Department

Septic System Maintenance

Spring really is just around the corner! When making your spring cleaning list, don't forget your septic system maintenance. The Hillsborough Health Department would like to remind all homeowners with onsite wastewater treatment systems (septic systems) to make sure they maintain their system. Maintaining a septic system is important to keeping it working for many years to come. The septic system consists of a tank and a disposal field. Solids settle out in the tank, and the dirty water from the tank is treated by bacteria in the disposal field. If the tank isn't pumped out at least every 3 years, the solids will enter the disposal field and clog and destroy it, costing thousands of dollars. In addition to making sure your tank is pumped regularly, you should also do the following:

- Don't dispose of hazardous household waste in the sinks or toilets.
- Don't drive over or park on the disposal field.
- Don't use too much water at once - practice water conservation, try not to use laundry and dishwasher at the same time.
- Plant only grass over and around your disposal field.
- Don't add commercial septic tank additives to speed up decomposition
- Don't construct anything that will encroach upon any part of the septic system: contact the health department for setback requirements.
- Don't put non-biodegradable substances into your system such as diapers, cat litter, cigarette filters, etc.
- Don't hook up sump pumps or floor drains to your septic system
- Don't empty hot tubs, jacuzzi, or water softener waste into the septic system.
- Fix all leaking faucets and toilets

- Be sure to pump your septic tank every 2 to 3 years. Keep track of the pumping dates.
- If you have any questions call the health department at 908-369-5652.

Police

*If You See
Something, Say
Something*

In consideration of the recent tragedies in Parkland Florida as well as Las Vegas, Nevada, the Police would like to remind residents of the importance of reporting suspicious or otherwise alarming activity. In today's environment never has the term "IF YOU SEE SOMETHING, SAY SOMETHING" been more important. Your tip could potentially thwart the next mass shooting or terrorist attack. The New Jersey Office of Homeland Security and Preparedness offers valuable information regarding emerging threats and suspicious activity reporting tips. This information is available to the public on their website at WWW.NJOHSP.GOV

Public Works

Pothole Repairs

*Senior Curbside
Pickup*

The Department of Public Works has been putting much of our attention into the pothole repairs throughout the town. Many of the repairs are temporary at best because of the adverse conditions we are working in. Potholes on main roadways will be addressed first then working our way to the development roads.

Senior Curbside Pick - up coupons may be picked up at the Chapter A and B Senior meetings in March.

Beginning in March, residents may also pick up tickets for Annual Clean Up program.

Coupons for both programs are at the information desk located at the Municipal Building or the Department of Public Works between 7 am. and 2 pm. located at 21 East Mt. Rd. next to the YMCA.

New Jersey American Water to Start Annual Water Main Flushing

This spring and into the summer months, New Jersey American Water will perform its annual cleaning of the water distribution system to help ensure that customers continue to receive high-quality, reliable water service. Starting the week of March 20, New Jersey American Water will begin annual maintenance to flush out harmless mineral deposits that may have built up in the pipe's inner walls.

Flushing the water mains involves loosening sediment by pumping a high velocity of water into the pipes then out through open fire hydrants. According to the schedule posted at www.newjerseyamwater.com, under Alerts, **flushing in Hillsborough is scheduled to occur between March 20th and April 6th.**

Raising a Child in the Age of OVERWHELM

Join Us For

Mindfulness

for the Over-Scheduled Family

Mindful parenting is about tuning in to how we feel so we can make a thoughtful choice about how to respond to our children, rather than mindlessly reacting to them.

Slowing down and paying attention is not an easy thing to do in an age of multi-tasking and smartphones, chronic sleep deprivation and over-scheduled families. The good news is that there are concrete steps we can take to become more present and empathetic in all aspects of our lives, including our interactions with our children.

Basically, "mindfulness" is about paying attention to what's going on in any given situation, including how you're thinking and reacting. When we're mindful, we can assess situations and thoughts from a more objective standpoint. Then we can make more rational decisions. It takes practice to get used to paying attention, but the more you do it, the more you'll be able to glean these five amazing payoffs:

1. Stronger Relationships
2. Better Connection to Self
3. A More Positive Perspective
4. Decreased Stress
5. Increase Productivity

Gain insight to the research and theory making Mindfulness a must have skill that you will practice with our guest presenter.

Deborah Cyb, MA brings her many years of training and classroom experience to share with parents and professionals. Ms. Cyb has a Bachelor's degree in Elementary Education and a Master's degree in Curriculum and Instruction. Deborah Cyb was a classroom teacher for many years. She started practicing mindfulness in 2005 and was inspired by how it can be used to develop a toolbox of coping strategies to reduce stress and increase mental wellbeing. UNICO National
The Largest Italian American Service Organization In the USA

Hillsborough UNICO to Host Golf Outing

Hillsborough UNICO is hosting our 1st annual Golf Tournament on Friday, April 13, 2018, 8:00AM at the Hillsborough Golf & Country Club. We are hoping to make this event a very successful one and are asking you to consider helping us with this fundraising event.

Hillsborough's UNICO chapter is part of the largest Italian American Organization in the country (www.unico.org). Our objectives are to promote and enhance the Image of Italian Americans; for members to be of service to the community; to promote Italian heritage and culture; to promote, support and assist charitable, scientific, cultural, educational, and literary projects; to promote members' interest in public welfare; and, to cooperate with others in civic, social and cultural development.

Part of the proceeds from this year's golf outing will be going to the Organization for Autism Research (www.researchautism.org). OAR is a 501(c)(3) charity whose mission is to apply research to the challenges of autism. OAR is dedicated to improving the lives of everyone affected by autism by supporting research that produces meaningful and practical results. OAR also keep families, educators, self-advocates, and professionals informed by delivering free, evidence-based resources and information every day.

To help Hillsborough UNICO raise funds, we are asking you to consider sponsoring a hole for \$200.00 or to donate a prize (item or cash) to our prize table. Each donation will be recognized at the tournament on the Sponsor/Donation acknowledgement display for each golfer to see. We thank you in advance for your consideration of this request. It is because of the support we receive from businesses and individuals like you that we can provide ongoing funding to support the efforts of our organizations.

Any questions, please contact Janet DiGangi at 732-439-0648 or jdigangi@bruns-pak.com.

Township Committee Once Again Partners with School District for Scholarship Competition

*Three \$1,000 Statewide Scholarships Available Through the
New Jersey League of Municipalities'
"Louis Bay II Future Municipal Leaders Scholarship Competition"*

Mayor Gloria McCauley announced Hillsborough Township's participation in the New Jersey League of Municipalities' Louis Bay II, Future Municipal Leaders Scholarship Competition. "The Township is once

again teaming up with the Hillsborough School District providing students a chance to participate in this scholarship competition," announced Mayor McCauley at Tuesday's Township Committee Meeting.

The purpose of this scholarship program is to advance the virtues of elected and volunteer positions in municipal government while raising awareness of municipal government in general.

"We are delighted to partner with the Township through the New Jersey League of Municipalities to participate in this scholarship competition opportunity for our students," commented Dr. Jorden Schiff, Superintendent of Hillsborough Township Schools.
