If you are planning on installing a deck this year, there are a few things you need to know.

- Your first step is to visit the Hillsborough Zoning Department to obtain a Zoning permit.
- Before submitting to the Building Department, pickup the handout for deck installations and read it through carefully.
- The Building Department application will require the following documents
  - Zoning Approval
  - Permit application folder
  - Building Subcode Technical section (tech card)

It is important to note that additional tech cards may be required if you are installing Electric or Plumbing.

If you have hired a builder, include a copy of the Home Improvement license.

2 copies of plans are required (plan requirements/details are in the Deck Handout).

In New Jersey, only Home Owners and Design Professionals (i.e - Architect or Engineer) are allowed to draw these plans. Your contractor is not permitted to draw the plans.

## **Engineering**

The Engineering Department would like to advise residents that as a result of the natural topography of land natural stormwater run-off from higher elevations is allowed to drain through lower properties. Typically, this run-off is diverted around homes through swales along property lines.

However, please keep in mind that residents are not permitted to block natural runoff but may re-route swales or water flow to protect their property without creating adverse impact to the adjoining neighboring properties.

If the Engineering Department is contacted about an issue, the department may review and possibly contact the affected parties of potential issues with a letter. The department does not have the authority to issue fines, violations or take court actions. In such cases, any unresolved disputes between homeowners are civil matters and should be handled as a private legal matter.

If an adverse condition is created, it is recommended that the neighbors work together for an amicable solution.

## **Finance**

The first payment by the State of New Jersey for the Homestead Benefit has been received and applied to your May taxes. You should have received a small pink bill in the mail in the past week which reflects the new amount due for your 2nd quarter taxes. If your taxes are paid by your mortgage company, they have been notified as well.

## **Health**

The Health Department would like to recognize April as Sexually Transmitted Diseases Awareness Month.

The Federal Centers for Disease Control (CDC) has designated April as Sexually Transmitted Diseases Awareness Month.

This is due to the surging increase in the numbers of STDs every year since 2013. Half of all 20 million newly diagnosed infections are in people ages 15 to 24, and it is important for these young people , as well as everyone else, to protect their health. The first step is to understand that these diseases, if left untreated, can result in serious

health issues that include infertility, acquiring HIV, acquiring the resistant form of Gonorrhea, and babies born with Syphilis. The STD caused by Human Papilloma Virus (HPV), can cause cancer as well. HPV can now be prevented by getting vaccinated. Some other infections can be prevented by using condoms. Abstinence is the only sure way to prevent STDs. Those who are sexually active, should be tested regularly. Speak to your doctor about testing, and for free and low cost testing, please call Zufall Health in Somerville 908-526-2335. Please see the Health Dept. website for links to the CDC website for more information.

April is also Sexual Assault Awareness Month. The Health Department would like to recognize Zufall Health in Somerville, NJ for their Sexual Assault Prevention and Recovery Services, Survivor accompaniment to the police station, court and counseling services. Their hotline number is 908-526-7444.

The Green Living and Wellness Fair will be held on Saturday, June 1st in conjunction with the YMCA Annual Hillsborough Hop. Mark your calendars to save the date. More information will be coming soon.

**NEW JERSEY TREE RECOVERY CAMPAIGN**

In 2012 superstorm Sandy hit many communities with dead and damaged trees. The New Jersey Tree Recovery Campaign is a partnership between the Arbor Day Foundation and the NJ State Forestry Service. The campaign focuses on providing trees to homeowners and communities who lost their urban canopy in the wake of Hurricane Sandy.

As reported by the Arbor Day Foundation, more than 300,000 trees have been distributed to date and many more are still needed. Hillsborough Township has partnered with these organizations to provide our residents with seedlings to replace missing trees.

On April 27th between 7am and 3pm, Hillsborough Township Department of Public Works will distribute 1/2" high bare root tree seedlings to residents at our Auten Road Facility. Each resident can receive up to 5 seedlings. Seedlings are listed and distributed on a first come, first served basis. You do not need to be registered for the annual clean up program in order to obtain the seedlings. Hillsborough residents will be required to show proof of residency upon entering the site.

More information on the program and [planting instructions](#) can be found on the [NJ Tree Recovery Campaign](#) page on the Arbor Day Foundation website or the [NJ Tree Recovery Campaign](#) website.
